1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am an electric Dominion Energy customer.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I believe that the Dominion net metering changes represent monopolistic predation on the development of clean solar energy in SC. My home is not oriented to toward the sun to implement rooftop solar. So, my interest is limited to my enviromental concerns and the efforts of other individuals to produce solar energy. It sets a new business enviromment to eliminate the further development of rooftop solar for residential and commercial customers. It sets a new and exclusive electricity choice: either buy from Dominion, or go off the grid and make your own. Such a limitation will make Dominion an exclusive monopoly for the foreseeable future.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
